I can't believe - I understand the 15th is our anniversary, so will look for you and wherever else can come, to come down. I would wish you to be here but thought I could fill you with love letters. Edna & I were in Pitt-Mound sat. afternoon didn't see anyone we knew except C. Stewart. I don't know if you can come & come I you be sure to come all if you can & you & me - I believe.
